

Services through the Frederick County Infants and Toddlers Program (FCITP) are family centered and are provided in community locations, including:

- Child's home
- Childcare centers or family day care homes
- Recreational programs, play groups, playgrounds, libraries, or any place parents and children go for fun and support

Based on the needs of the child and family, FCITP may provide any of the following services:

- Assistive Technology
- Audiology
- Family Counseling and Training
- Nursing
- Nutrition Services
- Occupational Therapy
- Physical Therapy
- Psychological Services
- Service Coordination
- Social Work Services
- Special Instruction
- Speech and Language Therapy
- Team Assessment
- Vision Services

Other services may be available as appropriate.

These services are available for children with special needs at no cost to the family.
